

# Stent Crimping

*World's Most Accurate & Reliable Stent crimper*

## Blockwise Stent Crimping Machine Model CX

- ✓ **Superior Crimping Process Control** Easily beats competition in: precise control of diameter, crimping force, roundness, temperature uniformity & reliability
- ✓ **AutoSheath PTFE Film System** Prevents damage to coatings from high-force contact with crimping dies
- ✓ **Integrated Leak Tester** (optional)

## Radial Compression Stations

- ✓ Low-friction, high-precision mechanisms
- ✓ Extremely reliable; lowest long-term cost of ownership
- ✓ Many sizes & configurations available
- ✓ Motor, Pneumatic Cylinder or Manual actuation

## Pre-Crimping

- ✓ Fast Stent Pre-Crimper for high-volume production
- ✓ Simple, low-cost models available
